

We are an exciting, growing, international technology company with over 20 years of history and locations in Austria, Norway, Germany, Australia and the US. We love challenges and are working for customers in harsh industries such as: oil & gas, marine & ports, mining and the automotive sectors. Our solutions make the customer's world easier, safer and more efficient. Apply now and join the #IDENITECFamily!

BECAUSE IT WORKS

We are looking for a

Software Engineer (m/f/d) (.Net Core/ Microservices)

Our solution, Terminal Tracker, has a broad customer base in global container logistics. We are now starting a new development to create the next generation of this solution. Therefore, we are expanding our team and are looking for an engaged and motivated Software Engineer to join the team. The mentoring from one of our senior engineers will help to ensure a smooth and successful integration into our team. If you want to go on this exciting journey together with us, apply now!
